NOTE FOR: Mr. Carl Duckett

SUBJECT : Briefing on [REDACTED]

Tomorrow afternoon Dave Bradburn is scheduled to present a briefing to the DCI on the present status of the [REDACTED] Techniques Program. Essentially this same briefing has been presented to the IR&D Council, Generals Haig (SACEUR) and Brown (Chairman JCS), and the five CINCs. The reception by the operational commanders, to the concept and program thus far, has been most enthusiastic and encouraging. It is evident that they consider the capability which this system could provide a highly desirable intelligence contribution.

Several of the key people in this building will be attending the briefing tomorrow; however, I note with some disappointment that you will not be able to attend. I suggest that, if at all possible, you should make an effort to hear this. The results achieved to date are very impressive. If you are unable to hear the briefing tomorrow, I am sure Dave would be happy to get it to you some time in the near future.
